GHL Industrial Door Services

GHL Industrial Door Services is a division of Grant Handling Ltd specialising in the nationwide supply, installation, maintenance and repair of industrial doors and dock leveller systems. We have 12 years' experience in industrial doors and aim to offer our clients a level of service and response time which we believe to be unrivalled in today's marketplace.

Grant Handling

Established in 1978 Grant Handling have 43 years of experience in the materials handling industry and pride ourselves on our extensive and versatile product and service range. We have been sole distribution partner of Heli Forklifts since 2001 for the whole of the UK.

Impact Group

GHL Industrial Door Services is now part of the Impact Group. Established in 1985, Impact has grown to become one of the leading providers of material handling equipment in the UK. Offering only the very best, carefully chosen equipment ranges each specified to deliver what we believe is the best value for money for our customers.

Values

At GHL Industrial Doors our people are our most valuable asset, we are proud to recruit and train the very best in the door industry. Equipping them with the skills and knowledge necessary to ensure that, no matter what our customers' need, they can handle it. Our values are:

- Empowerment
- Integrity
- Pride
- Teamwork
- Respect
- Health and Safety

Position – Mobile Door Engineer

GHL Doors are actively recruiting for a Mobile door engineer to work within a busy area, you will report into the service manager and will ideally have experience working with industrial doors in a previous role.

You will be responsible for accurately diagnosing faults with machinery, servicing, and emergency repairs. A typical day will consist of working on customer owned machinery to ensure they are in full working order.

You will be expected to work independently in a safe manner on customer sites, you will need to be able to communicate well with customers and internal colleagues and will need to be able to ensure all relevant documentation is completed correctly.

Skills and Experience

- A technical background from within industrial doors or similar
- Previous experience and qualifications from a similar role
- Experience working on mechanical and electrical systems
- Good attitude with the ability to stay motivated and productive
- A customer focused perspective and approach
- Work independently on sites in a safe manner taking into account both your own and other people's safety.

Benefits

- Basic of up to £30k+, Realistic OTE up to £40k
- Overtime
- Vehicle
- Comprehensive training
- Company Pension Scheme
